THERE are some doubts as to whether General Weitzel will be able to act as a Trustee of the Southern Road, as it has been discovered by the Secretary of War that a leave of absence for that purpose is contrary to the rules of the service. The only way apparently to get his services as Trustee will be to order him here on duty.

## UNLIMITED REMEDIAL RESOURCES.

UNLIMITED REMEDIAL RESOURCES.

People sometimes suppose that Dr. Pierce's Family Medicines represent the entire extent of resources for curing disease. This is an error. Experience proyed that while the Golden Medicial Discovery, Favorite Prescription, Pleasant Purgative Pellets, Compound Extract of Smart-weed, and Dr. Sage's Catarrh Remedy, would, if faithfully used, cure a large variety of chronic complaints, there would be here and there a case which, from its severity, or from its complication with other disorders, would resist their action. These exceptional cases require a thorough examination into their sympoms, to ascertain the exact nature and excent of the disease or diseases under which the patient was laboring, and the use of specific remedies to meet and overcome the same. This led to the establishment of the World's Dispensary, at Buffalo, N. Y., with its Faculty of Physicians and Surgeons, each of whom is skilled in the treatment of chronic disorders in general and those belonging to his own special department in particular. To one is assigned diseases of the kidneys and urogenital organs; to another, diseases of the digestive system; to another, diseases of the mervous system; and to another, diseases of the examblishment of this institution enables the Doctor to meet a long felt want in the treatment of the more severe chronic affections. By a careful consideration of the symptoms as given in writing, he successfully treat thousands of cases at their homes. Others visit the Disponsary in person. The amplest resources for the treatment of lingering affections are thus placed at the disposal of every patient, and those on whom the proprietary medicines do not have the desired effect can procure a more thorough and efficient course by a personal application to the proprietor of the World's Dispensary.
